

# Material Safety Data Sheet

## XC Polymer Equivalent (NXPD)

Oil Field

### PHYSICAL PROPERTIES

Appearance	Powder
Color	Gray
Freeze point 50%	-
PH@ 25c	6 - 8
Density	-
Odor	-
Flash Point	-
Boiling Point	-
Isopropanol	-
Silicon %	-
Solubility	Soluble in water(semi warm)

### CHEMICAL COMMENTS

This compound is used to provide suitable concentration for mud in drilling.

### CHEMICAL ACTIVE :

- 1-Cellulosic agent.
- 2-starch modify.
- 3-Filler.

### HAZARDOUS

In case of skin, eye contact wash with water.  
 In case of swallowed wash with water and go to doctor.  
 In case of inhalation go to doctor.

### USAGE

Viscosifier agent for drilling operation.

### PACKING

208 Liter Drums

### REF

XC Polymer
